Summary

From your perspective, what went well at our first CESA 9 Job Fair?

We got a start!! Took pictures and got ideas from everyone else. It was a great "practice run" for me.

Schools represented put in effort to be ready for candidates. Setting was good.

amount of school districts

The idea of a job fair near our districts was great.

of districts that participated.

Well organized; Well executed

Good turnout of district reps

Discussion with other school districts and being able to set up a table to see how we would do this for other events and this one in the future.

What ideas do you have for making next year's Job Fair better?

I like Mike Ritchie's idea of moving it to Cedar Creek area (Wausau area).

More candidates. Whatever that takes!

advertise more

Making it later so that students are done with college

I would move it to Wausau and hope more people show up

More teachers looking for jobs :) Consider a more central location, such as Wausau.

Location - HWY 29 & 51 Corridor of Wausau

Private space to meet with candidates

What is your preference for scheduling next year's Job Fair?

| | | |
|-------|---|-------|
| March | 2 | 25% |
| April | 3 | 37.5% |
| May | 3 | 37.5% |
| Other | 0 | 0% |
