

Motion to Forgo July Meeting

Typically, the Board of Control does not meet in the month of July. If for some reason there is a need for a timely Board decision, the administrator would recommend a July meeting. If there is no July meeting, the financial report and presentation of claims for both June and July would be brought to the Board at their August meeting.

**Recommended motion: To forgo the July meeting and authorize the administrator to schedule a July meeting if needed for timely Board decisions.**
