Wisconsin CESAs will be hosting our annual breakfast at 8:30am on Wednesday, January 18, 2017. All CESA Administrators and Board of Control members are invited to join us for a plated breakfast and an opportunity to network with Board of Control members from across Wisconsin.

Cooperative Educational Services Agencies  
(CESAs)

### Why Choose CESA?

#### Connected

Through each local CESA, every school in Wisconsin has direct access to information and resources that support high-quality teaching and learning.

#### Professional

CESAs are respected for their professional development. Look to your CESA for training and resources on topics such as personalized learning, RtI (Response to Intervention), educator effectiveness, deploying technology and integrating technology into instruction, data and assessment literacy, diversity, academic standards, Safe & Healthy Schools and more.

#### Flexible

CESAs customize the services provided to local school districts. Your Agency Administrator is just a phone call or e-mail away.

#### Resourceful

If a regional CESA doesn't have the match for your needs, a network of statewide support is available through the CESA Statewide Network (CSN).
